

## THE LAST WEEK

*‘This is your hour, and the rule of darkness’*

Saturday 16 March 11:00 in the Parish Centre

Christ’s ‘hour’ did not take place by chance. It was prophesied centuries before. The death of Jesus of Nazareth took place at a Passover festival like no other. But this is a real historical event — when exactly did it take place? Can we use science and the biblical evidence to date the year of the Crucifixion? Once we know when Christ died, we can begin to see all of the messages that his death sent to a Jewish audience.
